No matter what type of farming you do—put the research based knowledge of Cornell University to work for you!

For \$35 a year we offer educational programs and services that help farmers keep their land productive and well cared-for, preserving an agricultural heritage dating back to the region's earliest settlers.

Benefits:

- ▶ **Ag Focus**, our flagship agricultural newsletter filled with the latest news and information pertinent to the ag community.
- ▶ Educational meetings and commodity specific schools, field meetings, tours and workshops.
- ▶ Newsletters, recorded and e-mail grower alert messages relating to commercial fruit and vegetable production.
- ▶ Assistance with business management, agri-tourism and agricultural environmental management projects.
- ▶ Access to pest management updates.
- ▶ One-on-one farm consultations with educators for commercial growers.
- ▶ Access to Cornell University research and demonstration plantings.

Publications:

Livestock, Equine & Dairy:

Hudson Valley Equine Line Provides timely, comprehensive information on farm business management, pasture management, and animal husbandry for anyone with a commercial or recreational equine interest.
