## **Learn The Basics of Caring For a Bunny!** Free, educational workshop offered in time for Easter

Is your family about to celebrate the coming spring weather or Easter holiday by purchasing a cute, cuddly bunny? Then be sure to grab a seat at *Bunny Basics*, a *free* educational program on the basics of rabbit care sponsored by Cornell Cooperative Extension of Ulster County 4-H Youth Development, Saturday, March 20<sup>th</sup> from 11:00 am at Adams Fairacre Farms in Lake Katrine. Some of the topics being covered include; how to pick the best breed for you and your family; daily care of your rabbit; keeping your rabbit healthy; and preparing a home for your new pet. Area 4-H members will be on hand with their own rabbits to demonstrate some of the skills involved in handling and caring for a rabbit. Don't miss this chance to learn *Bunny Basics* from experienced young pet owners! To reserve a seat please call the 4-H office at 340-3990. Pre-register before March 15<sup>th</sup> and receive a free copy of the *Bunny Basics* manual written entirely by 4-H members (one per family), as supplies last. For more information about the 4-H rabbit program call Extension Educator Patti Zellmer at 340-3990.
