Mighty excavators and powerful dump trucks are natural favorites of young children who are busy learning about their world. On Saturday, May 22, 2004 from 10 am to 12 noon curious youngsters of all ages can explore some of these giant pieces of equipment that move the earth and much more when the Little Ones' Library in Accord hosts *Dozers, Dumpers and Digging Machines*. With help from the local business community giant pieces of equipment, such as a front-end loader and dump truck from the Town of Rochester Highway Department and a backhoe tractor from Ron Santorsky of Ron's Auto will be there for all to explore. Craig and Rolf Leland of L and L Construction in Ellenville will bring a fascinating piece of construction machinery, a Pettibone, for the all to see. Children will also be able to play with toy diggers and dumpers in sand donated by A & M Hardware in Accord, and books about earth moving machines, such as Mike Mulligan and his Steam Shovel, will be read during storytime at 10 am.
