

## **4-H DELIVERS FAMILY FUN TO ULSTER COUNTY FAIR**

Children nationwide have been learning essential life skills and having fun in the process participating as 4-H members throughout the last century. More than 300 Ulster County 4-H youth members join together at the Ulster County Fair to participate in more than 2000 exhibits ranging from horticulture to agriculture and from home economics to arts and crafts. Members have worked on a variety of projects that showcase their many talents. We have fascinating exhibits and endless fun for the entire family to see. Be sure to join us at the Ulster County Fair in New Paltz July 31 through August 5.

We have added something new and exciting to our fair schedule; **Give Change, Make Change for Youth** a campaign of the New York State 4-H Foundation. This is an incredible hyperbolic funnel coin toss. Watch your coins spin and speed down the vortex of this amazing device. The coin toss funnel will be located in the **Youth Building** all week. Proceeds from the coin toss will benefit the 4-H Youth Development Program of Ulster County and the N.Y.S. 4-H Foundation.

We are also pleased to introduce a **Geocaching Hunt** and Global Positioning Systems (GPS) demonstration. The interactive Geocache will be hidden at the fairgrounds throughout the week and will include a log book and small prizes. Clues and hints for the Geocache Hunt can be found at <http://counties.cce.cornell.edu/ulster/>. All ages are welcome to attend the hands-on GPS demonstration which will be on Friday, August 3 from 1:30pm to 3:00pm in the 4-H Youth Building.

Throughout the week be sure to visit our **4-H Teen Council Milkshake Booth**. Our milkshake booth is managed and operated entirely by the members of 4-H Teen Council.

Also don't miss our **4-H Baked Food Sale** on **Tuesday 4:00pm to 9:00pm** and **Wednesday 10:00am** (until gone). Our food booths are located in the **Youth Building** and are always a favorite stop for all fairgoers. Proceeds from the bake sale benefit Family and Consumer Science.

While in the **4-H Youth Building** become immersed in the artwork, photography, clothes and crafts created by our 4-H members. Discover an array of styles and representations showcasing our members many artistic talents.

*Building Strong and Vibrant New York Communities*
