Workshop to Explore Upper Esopus Creek Ecosystem

The Upper Esopus Creek in Phoenicia will be the setting for a Stream Monitoring Workshop on Saturday, July 21 from 9:00am to 4:00pm that will explore and investigate the Esopus Creek Ecosystem. Participants will meet at Cornell Cooperative Extension of Ulster County's Phoenicia Office at 5578 Rt. 28 in the Phoenicia Plaza. Activities will include identifying various macro-invertebrates and aquatic insects found in the Upper Esopus Creek. Participants will learn how to conduct their own experiment generating data that will provide a snapshot of stream health.

This free educational hands-on workshop for ages 10 and up is sponsored by Cornell Cooperative Extension of Ulster County and the Esopus Creek Stream Management Program in partnership with the Catskill Center for Conservation & Development and Hudson River Basin Watch. Space is limited and reservations are required. Lunch will be provided.

For more information or to register contact Michael Courtney, Community Educator: Esopus Creek Stream Management Program at 845-340-3990 or 845-688-5496
