Rain Garden Installation and Twilight Meeting for Landscapers

Are you interested in learning more about rain gardens? Learn directly from the experts from Cornell and Rutgers Universities. Join us on site on Monday, June 14 at the Rosendale Library located at 264 Main Street (Rt. 213) from 7:00pm to 8:00pm for a rain garden installation. This FREE workshop will teach landscape professionals how and where to install a rain garden, choosing the appropriate plant material and how to plan an excavation.

Call Dona Crawford or Teresa Rusinek at Cornell Cooperative Extension Ulster County 845-340-3990 for more details and to make reservations.

Rain gardens look like regular flower gardens but function to capture and soak up rainwater from roofs and driveways before it becomes runoff. Cornell and Rutgers Cooperative Extension rain garden experts will teach participants what they need to know to get started with their own rain garden projects, from site selection to the choice of plants and maintenance.

This program is funded by USDA's Cooperative State Research, Education, and Research Services and Rutgers Cooperative Extension.

###

Cornell Cooperative Extension of Ulster County (CCEUC) is a 501(c) 3 subordinate government agency of the State of New York under Article 5, 224(b) of the NYS County Laws organization that utilizes research based knowledge through their partnership with Cornell University. This information is disseminated through their on-going community programming in the areas of Agriculture, Horticulture, 4-H Youth Development, Family and Consumer Science and Environmental programs held throughout Ulster County.

Building Strong and Vibrant New York Communities

Cornell Cooperative Extension in Ulster County provides equal program and employment opportunities.
